POCKET MONEY

We suggest the following maximum amount of pocket money:

- 50 € (for the market, Hypermarket, Mt. St Michel etc)

It would help if the money was in small denominations from the start of the journey to allow the children to budget more easily, as well as reducing the risk of losing all of it at once.

The children will be responsible for looking after their own money for the duration of the trip.

EMERGENCIES

All pupils will carry a label with emergency contacts in French on their bags at all times. Staff have been provided with local emergency numbers.

Should we need to get in touch with you in case of an emergency, you will be contacted at the earliest opportunity on your home number or the number shown on your medical consent form.

If you need to contact your child (only in an absolute emergency), please phone the school office. Mrs Cook and Mr Mills have all the contact numbers for staff on the trip and will be able to get in touch immediately.

The UK out-of-hour number only for absolute emergencies is 07976-204319.
