

We are looking forward to having you all back in school. I know that some of you might be wondering if school is a safe place to be and so we want to let you know about all the many ways we are helping you stay safe when you come back on Monday!

*You will be working mostly with your class bubble.*

*You will be eating with your bubble at a different time to the other year groups.*

*Adults will regularly clean down the equipment and furniture that you and others use.*

*You will be in a special place to play in the playground where your bubbles will not cross.*

*You will see the same adults in your class on the same days.*

*You will be asked to wash your hands or sanitise regularly, on arrival and any time you are going in and out of the classroom.*

*There is sanitiser around school for when you can't get to a sink.*

*You will not all arrive and leave at the same time so that you do not mix with other bubbles.*

*Your parents will be using email to communicate if they need to with staff at school rather than chatting at the door.*

*Adults will be making sure that children remember the rules.*

*Some adults may be wearing masks to help protect everyone.*

*Hall and library time is timetabled so that everyone stays safe.*

*We will keep reading books for a few days in "quarantine" before lending them out again.*

*If you feel unsure about anything once you are back at school, tell your parents or your adults in class.*

*We are all here to help you feel safe and happy and look forward to having lots of fun times again at school.*
