17<sup>th</sup> January, 2022

## Science and Computing Week 2022

Dear Parent / Guardian

This year we are holding a Science and Computing Week. The event will run from Monday 21<sup>st</sup> to Friday 25<sup>th</sup> February.

During the week, the children will have the opportunity to enjoy different science and computing based workshops run by both external parties and the school teaching staff.

Some highlights will include:

- A science carousel on Monday, where each class will partake in at least six different science based activities
- A 'Spy' themed day on Tuesday, but for obvious 'national security reasons', we cannot tell you about this!
- Exciting science workshops on Wednesday in the hall
- A chance to meet local scientists and computing engineers (Thank you for all of your replies, I am collating and will be in contact with each of you shortly!).

The week will be very stimulating and entertaining for children allowing them to learn in an exciting way.

To help with the costs, we are asking you for a contribution of **£4.00** which can be made through the school gateway.

Thank you

**Mr. G Denney**

Science and Computing Coordinator
